

# Salt

Catherine Wheel

Oh safe towards yourself  
She wants you with all your heart

Between the always spinning rides  
I slowly roll and seem to fly  
The taste of salt and spinning ice  
The taste of you it brings me high

We miss your shine  
It's always time  
It's always time  
Oh we're only salt  
We're only salt  
We're only salt

It always felt like suicide  
It always takes my life inside  
To say I might, to say I will  
The hardest part the heart is real

We miss your shine  
It's only time  
It's only time  
It's only salt  
It's only seas  
It's only time

It's only time  
I want to see myself in time  
We miss your shine  
It's only time  
It's only time
