

She's My Friend

Catherine Wheel

I'm only waiting 'cause she won't care
She now shuts the shallow ?
Hide the taste that's always there ?
I can say she makes no sense
My dreams are drawn on no much ?
'Cause she's my friend
'Cause she's my friend
'Cause she's my friend, oh
'Cause she's my friend, oh
'Cause she's my friend, oh
'Cause she's my friend

I found you in a cavern in my sleep
But I'm walking over gravel
Formed in blisters on my feet
You give me all the reasons that make no sense
I only choose to be here
'Cause she's my friend
'Cause she's my friend
'Cause she's my friend, oh
'Cause she's my friend, oh
'Cause she's my friend, oh
'Cause she's my friend

Oh oh oh oh

'Cause she's my friend, oh oh oh oh
'Cause she's my friend, oh oh oh oh
'Cause she's my friend, oh oh oh oh
'Cause she's my friend, oh oh oh
