

## Inside Out

Catherine

Take all you need from me  
I give it all to you  
but still i fell like a slut.  
It's just the thought that sticks  
the awful thought of it  
frigid fingers are making me sick.

Don't you like me inside/out  
its days like these i never doubt  
CANT BELIEVE THAT WE CALL THIS LIFE.  
Don't you like me inside/out  
its days like these i never doubt  
CANT BELIAVE THAT WE CALL THIS LIFE.

These are the lives we lead  
just like a cut they bleed  
infected lies like battle wounds.  
And when your time has come  
with the battle far from won  
you'll be the one who has to chose.  
These are the live we lead  
just like a cut they bleed  
Infected lies,  
infected lies.  
Inside/out astounded  
what makes us think disgust is right?  
Step back,  
am I sick?  
I feel this way when right turns wrong.  
Inside/out astounded  
what makes us think disgust is right?  
Step back,  
am I sick?  
I feel this way when right turns wrong.

Don't you like me inside/out  
its days like these i never doubt  
CANT BELIEVE THAT WE CALL THIS LIFE.  
Don't you like me inside/out  
its days like these i never doubt  
CANT BELIEVE THAT WE CALL THIS LIFE.

(bridge)

I think i might throw up  
I think i might throw up.

Don't you like me inside out  
its days like these i never doubt  
CANT BELIEVE THAT WE CALL THIS LIFE.  
Don't you like me inside/out  
its days like these i never doubt  
CANT BELIEVE THAT WE CALL THIS LIFE  
CANT BELIEVE THAT WE CALL THIS LIFE.

CANT BELIEVE THAT WE CALL THIS LIFE.
