Why does my world Seem to crumble and curl Every time I start Picturing your face

And why does a stain
Seem to cloud any gain
I'm intending
When I'm sending of your name

And you won't want to hear this
Because it's a shame
I know it's a shame
The keepsake ring you gave me
Is now sitting at the thrift shop waiting to be born again

Why does my wrist Seem to point to a fist Every time I start Picturing your face

And why do I burn
Still to have the final word
It's so stupid
And I know it sounds absurd

But you won't want to hear this Because it's a shame I know it's a shame That all those fond reflections Are now sitting in a fox lair Buried under mud and rain

Doo doo doo doodoodoo Doo doo doo doodoo Doo doo doo doodoodoo

Why does my tongue Long to fire like a gun At just the slightest mention of your name

And why must it be
That I feel so mch hate inside of me
When I start thinking of you
When I start thinking of you
I keep thinking of you just the same

Doo doo doo doodoodoo Doo doo doo doodoo Doo doo doo doodoodoo

Doo doo doo doodoodoo Doo doo doo doodoo Doo doo doo doodoodoo
