## **Change Will Come**

## **Cathy Dennis**

I know that I'm out of place
But I know you're just wasting time
Your life is your own to waste
But I won't have you wasting mine

Change will come If you believe Change will come Do you hear me

Everybody's sayin' change will come Change will come What good is the quick escape When the problem is here inside Life can be a better place If you'll only believe in time

Change will come
Through you and me
Yeah
Change will come
Do you hear me

Everybody's sayin' change will come Change will come I'm sayin' change will come Ooh yeah yeah yeah yeah yeah

I'm sayin' change will come
The future's calling
Reaching out togive you a hand
So don't say you're falling
When destiny's awaiting your plan

Oh yeah
Say it
Change
Everybody's sayin'
Ooh yeah yeah yeah yeah yeah
I'm sayin'
Change will come
Everybody's sayin'
I'm sayin'
Change will come

Ooh yeah yeah yeah yeah yeah Sayayayay it say it I'm sayin'
Change will come

Change
Change will come
Sayayayay it say it
Ooh yeah yeah yeah yeah yeah
I'm sayin'
Change will come
