

For Your Love

Cathy Dennis

When you're around
I feel completeness baby
I'm up in the clouds
Just dreaming about you baby

I'd give a lifetime
For your love
I'd make the stars shine
For your love
I'd look to heaven
For your love
I'd wait forever

For your love I'd be an angel
I'd move the sky for you
For your love
I'd live in danger
I'd hide them from the truth

You turn me around
You're all I need my baby
Heaven is found
Just thinking about you baby

I'd give a lifetime
For your love
I'd make the stars shine
For your love
I'd look to heaven
For your love
I'd wait forever

For your love
I'd be an angel
I'd move the sky for you
For your love
I'd live in danger
I'd hide them from the truth

I would do anything for you
I would do anything for you
For your love

I would do anything for you
I would do anything for you
For your love

Baby don't you know
For your love
Baby don't you know

I'd give a lifetime
For your love
I'd make the stars shine
For your love
I'd look to heaven
For your love

I'd wait forever

For your love

I'd be an angel

I'd move the sky for you

For your love

I'd live in danger

I'd hide them from the truth

For your love

Yeah yeah yeah

Baby for your love

Yeah yeah yeah

For your love

Yeah yeah yeah
