

# Suicide

Cathy Dennis

Everywhere is still  
everything is restless in my heart  
I hate the way this feels  
suddenly I'm scared to be apart.  
The days are dark when you're not around  
the air is getting hard to breathe.  
I wish that you would just put me down  
I wish that I could go to sleep.

Loving you is suicide  
I Don't know should I go or should I stay?  
I'm tryna to keep myself alive  
knowing there's a chance it's all too late.  
But I heard you say you loved me.  
That's the part I can't forget  
and I wish that you'd come save me  
cause' I'm standing over the edge.

I should let you go  
tell myself the things I need to hear  
but my brain is wired wrong.  
That's why i'm loving you when you're not here.  
Feels like I drown in your every word  
and every breath that's in between.  
Somehow you got me where it really hurts  
And it's killing every part of me.

Loving you is suicide.  
I don't know should I go or should I stay.  
I'm tryna to keep myself alive  
knowing there's a chance it's all too late.  
But I heard you say you loved me  
that's the part I can't forget.  
And I wish that you'd come save me boy  
cause I'm standing over the edge.

loving you is suicide  
and my world's about to break  
And I... had as much as I can take  
and love is a long way down.

Loving you is suicide  
and it's getting harder everyday.  
I'm tryna to keep myself alive  
knowing there's a chance it's all too late.  
And I'm way past every moment  
but I'm still determined to fight  
and I know it's taking all my strength  
to keep emotion alive.  
Loving you is suicide
