

## Bereavement

### Cattle Decapitation

I cannot wait any longer for the end: apocalypse!  
I detest all life. As a destroyer. As a human.

We need to die.  
We need to die.

Self-imposed extinction  
Extermination inevitable  
Stop wasting our time  
Do us in now.  
NOW.  
NOW.

Depress the lever  
Cast us into the never  
Release this world  
Destroy us.

We cannot wait any longer... Destroy us.
