

Baby Be There

Caught In The Act

I lay beside you
in the warmth of the night
i can feel your breath
i can hear you sigh so softly
tell me now baby
this feeling won\'t change
but it\'s a lasting love
not a passing phase, darling
i need to know
i can depend on you
i need someone who\'s gonna see me through

baby be there
there when i need you
tell me you care
make me believe you
promise you will stay by my side
through the good times,
through the bad times
baby just swear
that you\'ll be there

oh baby, swear
bring me your kisses
for the rest of my life
baby fill my days
baby light my nights
with your love
i\'ll always be the one
who will be there for you
so won\'t you tell me now
that you\'ll be there too, darling
and every morning when the sun will rise
that i\'ll still see love
shining in your eyes
tell me you\'ll still be mine

baby be there
there when i need you
tell me you care
make me believe you
promise you will stay by my side
through the good times,
through the bad times
baby just swear
that you\'ll be there

won\'t you swear now baby
baby, be there with your love
i can be sure of
i have all i need, baby
as long as i have your lovin\
i wanna be the one to be for each night
girl, so every night
till the end of time
baby be there

baby be there
there when i need you
tell me you care
make me believe you
promise you will stay by my side
through the good times,
through the bad times
baby just swear
that you'll be there
