

Won't You Stay

Caught In The Act

I never meant
To cause you any pain
I never meant
To make you cry
Cause losing you
Losing you
Would break my heart
Would break my heart in two
Just the thought of it
Is tearing me apart
Won't you stay
Say you'll never go away
If you stay
We'll be together everyday
You're in my heart
You're in my soul
Say you'll stay
Forever more
I can't imagine
Being on my own
I can't imagine
How I'd feel
Cause losing you
Losing you
Would break my heart
Would break my heart in two
Just the thought of it
Is tearing me apart
