

## Cave-in

Cave In

(by Codeine)

Last night I dreamt your face  
The skin was falling off  
The flesh was turning grey

This is a cave-in  
I said I'd stay  
Cave-in  
Said I'd stay

Last night I had a dream  
Your eyes were lit by fire  
The way you tried to smile  
The way you couldn't smile

This is a cave-in  
I said I'd stay  
Cave-in  
Said I'd stay

These things take so long  
So let me help it some  
These things take so long  
So let me help it some
