

Waiting For Silence

Cavo

You can't watch the clouds roll by this time
you don't want to be so blind you'll find

But I'm miles above you're head
lives, lies and shattered dreams
always, always

Your not waving or drowning at all
you don't care where your pieces will fall
they wait for silence
when they're leaving you bare

You can't find your peace of mind with lies
but you've never been so blind
you'll find
and I'm no where to be found

Lives, lies and shattered dreams
always, always

Your not waving or drowning at all
you don't care where your pieces will fall

they wait for silence
when they're leaving you bare

You can't find your peace of mind with lies
but you've never been so blind

Your not waving or drowning at all
you don't care where your pieces will fall
they wait for silence
when they're leaving you bare

Your not waving or drowning at all
you don't care where your pieces will fall
they wait for silence

For all the same reasons they leave you there
for all the same reasons they leave you there
for all the same reasons they leave you there
