

Weather Rolls

Cavo

I thought you were a city boy
I thought you made the loudest noise
Ahhh but you don't wanna see it go
Like the weather rolls

I fire round the countryside
I burn through the darkest night
Ahhh but you don't wanna see it go
Like the weather rolls

Tonight I'm chasing habits in the moonlight
I'm breaking promises in daylight
Go let it burn till they see it go

Ohhh fire in the city nice
Ohhh safe until we see the light
Ahhh but you don't wanna see it go
Like the weather rolls

Tonight I'm chasing habits in the moonlight
I'm breaking promises at daylight
Go let it burn till they see it go

Tonight I'm chasing habits in the moonlight
I'm breaking promises in daylight
Go let it burn till they see it go

Tonight I'm chasing habits in the moonlight
I'm breaking promises at daylight
Go let it burn till they see it go

Like a weather rolls
Yeah yeah yeah yeah
Like a weather rolls
