

# Waging War

CeCe Winans

Anoint my head anoint my feet  
Send your angels raining down  
Here on the battle ground  
For your glory  
Were taking territory  
Fighting unseen enemies  
Like never before  
Were Waging War

I'm tired of principalities  
Messing with me  
(Waging war)  
I'm tired of the devil  
Stealing from me  
(Waging war)  
I promise he won't get  
One more thing  
(Waging war)  
I'm taking it back  
Taking territory  
(Waging war)  
I'm ready for the battle  
I'm ready to win  
(Waging war)  
My weapon of power  
He lives within  
(Waging war)  
I can't be defeated  
The enemy gotta flee  
(waging war)  
I'm taking it back  
Taking territory

Going into battle  
Going into battle

Be my sword  
Be my shield  
As we claim the victory  
Over the enemy  
In your name  
You rule and rain  
Never being defeat  
Anymore  
Were waging war

Send your fire  
Send your fire

Fire by night  
Cloud by day  
A strong tower  
Send the latter rain  
Lion of Judah  
Lord, God,  
Mighty In battle  
Since you did

It back then  
We know you'll do  
It again

Were going into battle  
Were going into battle

Waging war
