

Stupid Love Games

Celeste Buckingham

I can't tolerate you and your stupid love games
Make me wanna go insane
But I can't help myself, I don't wanna know what else
Baby, sing my name, you play stupid love games
But I just can't say goodbye
Oh, it's an off a shame how you want to say my name
Listen you is all a game

I can't tolerate your stupid love, love games
Every time you call I feel like I'm insane
And I just can't quit with you, leave my life alone
I just tolerate, tolerate, tolerate

Hey, so confusing, baby, I can't keep my head from turning 'round and 'round
You always forget my birthday
I can't believe to keep sinking down, down, down
But I just can't say goodbye
Oh, I can't tolerate you and your stupid love games
Make me wanna go insane

I can't tolerate your stupid love, love games
Every time you call I feel like I'm insane
And I just can't quit with you, leave my life alone
I just tolerate, tolerate, tolerate

I can't believe that I took so long to see who you wanna be
It's hard not to let it go but I know it's only matter of time
'til you're out, out of my life

I can't tolerate your stupid love, love games
Every time you call I feel like I'm insane
And I just can't quit with you, oh, leave my life alone
Tolerate you, tolerate you, tolerate

I can't tolerate your stupid love, love games
Every time you call I feel like I'm insane
And I just can't quit with you, leave my life alone
Tolerate you, tolerate you, tolerate you
