

## A Song for You

Celine Dion

I couldn't live  
I couldn't live without your love  
for one kiss  
well I'd give everything up  
there's no words I can describe  
what I feel deep inside  
so I let this song say it all

Then I hope you'll understand  
once you've listened till the end

Heard the music in my head  
so before I could forget

I start singing  
yeah I was singing  
this song  
for you

Just made up the words  
la la la ohhh ohhh yeah  
my heart with a melody

so I am singing  
this song  
for you
