

# I Know What Love Is

Celine Dion

I was forgotten  
Until you called my name  
Lost in the shadows  
Until you shined your light my way  
Now I believe again  
In all my dreams again  
I'm wide eyed and innocent  
Those doubting days  
Are so far away and oh

I will fall  
And you will catch me always  
Time has taught me this  
I will fly  
And you'll be there to guide me  
Straight up to my heart's highest wish  
I feel you close to me  
And I know what love is

Now there's no mountain  
Too high for me to climb  
No ocean so wide  
That I could not reach the other side  
Now I believe in me  
Cause you live and breathe in me  
And nothing can come between  
We are one star  
No night can darken, Oh

I will fall  
And you will catch me always  
Time has taught me this  
I will fly  
And you'll be there to guide me  
Straight up to my heart's highest wish  
I feel you close to me  
And I know what love is

It's an unspoken thing  
A quiet opening  
There are no words that can go that deep  
But I know  
I know

I will fall  
And you will catch me always  
Time has taught me this  
I will fly  
And you'll be there to guide me  
Straight up to my heart's highest wish  
I feel you close to me  
And I know what love is
