

# (If There Was) Any Other Way

Celine Dion

Sorry I know I'm late  
Guess I lost all track of time  
Started walking and couldn't stop  
Turning it over in my mind  
Trying to make some sense of it  
Trying to make the pieces fit  
I thought I covered my tracks so well  
But now he says he knew about it from the start  
Yeah he knew about us all along

If there was any other way love  
Don't you think I've tried to find it  
Don't you think I want to stay  
If there was any other way love  
There's no way out of this  
There just ain't any other way

Maybe I'd better be leaving now  
But there's something I want you to understand before I go  
Sometimes we don't have a choice when we play and break the rules  
I just had to see you darlin', one more time  
If only just to say good-bye  
'Cos he knew about us all the time

If there was any other way love  
Don't you think I've tried to find it  
Don't you think I want to stay  
If there was any other way love  
There's no way out of this  
There just ain't any other way

I never wanted it to be like this  
I never meant to get serious  
But now the thought of losing you  
Takes some getting used to

If there was any other way love  
Don't you think I've tried to find it  
Don't you think I want to stay  
If there was any other way love  
There's no way out of this  
There just ain't any other way

If there was any other way love  
Don't you think I've tried to find it  
Don't you think I want to stay  
If there was any other way love
