

Look at Us Now

Celine Dion

Hard to look at pictures on the wall
Hard to pick the phone up when you call
Hardly talking any more 'cause a single word could start a war
Once upon a time we had it all

Who would've known the future wasn't for us
Fools, we got it wrong
Thinking that we lean on love
But look at us now
Look at us now

How can we hold it together
When we're falling apart
Can't put my finger on the when, the why, the how
How can we see to forever
When we're lost in the dark
Ya know it killing to me say it out loud
Woo
Look at us now
Two broken hearts on the ground

Back to back, we sleep on separate sides
Back and forth we slowly lose our minds
Backing out the driveway feels like this goodbye could be for real
Once upon a time time was on our side

Who would've known the future wasn't for us
Fools - we got it wrong, so wrong

How can we hold it together
When we're falling apart
Can't put my finger on the when, the why, the how
How can we see to forever
When we're lost in dark
Ya know it's killing me to say it out loud
Woo
Look at us now
Two broken hearts on the ground
And you can't even look at me now
Ooh baby
Look at us now

Who would've known the future wasn't for us
Fools, we got it wrong
Thinking that we'd lean on love
But look at us now
Look at us now
Two broken hearts on the ground
