

## Miles to Go (Before I Sleep)

Celine Dion

I would walk to the edge of the universe for you  
Paint you a crimson sunset over sheltering skies  
I could learn all the world dialects for you  
Whisper sonnets in your ear discovering truth  
I could never worship pagan gods around me  
I will only follow the path that leads me to you baby... always

Every step I take for you  
I will always defend, never pretend  
That every breath I take for love  
I could never be wrong, the journey is long  
With miles to go before I sleep, miles to go before I sleep...

I would carry the rock of Gibraltar just for you  
Lifted like a pebble from the beach to the skies  
I could build you a bridge that spans the ocean wide  
But the greatest gift I give you would be to stand by your side  
Some can criticize and sit in judgment of us  
But they can't take away the love that lives inside us always

Every step I take for you  
I will always defend, never pretend  
That every breath I take for love  
I could never be wrong, the journey is long  
With miles to go before I sleep, miles to go before I sleep...

I won't run from the changing signs along the highway  
Let the rivers flow to the highest ground created
