

# One Heart

Celine Dion

One heart you are following.

You can run and you can begin in a place where you don't fit in,  
'cause love will find a way, yeah.

When you're down, you can start again,  
Turn around and you think you're in love will find a place, ahh.

If you got one heart you are following,  
one dream keeps you wondering.  
Love lights your way through the night.  
One wish keeps you trying,  
once your silver lining loves lights your way through the night.

You can fall a thousand time, you can feel like you've lost your mind,  
love will find a way, oh yeah yeah.  
In a minute it can your life, in a moment it can make you right,  
love will find a place, yeah.

If you got one heart you are following,  
one dream keeps you wondering.  
Love lights your way through the night.  
One wish keeps you trying,  
once your silver lining loves lights your way through the night.

Everybody needs something to hold on to.  
Everybody needs something to hold on to.

If you got one heart you are following,  
one dream keeps you wondering.  
Love lights your way through the night.  
One wish keeps you trying,  
once your silver lining loves lights your way through the night.

One wish keeps you trying,  
find your silver lining love lights your way through the night.  
Love will find a way,  
love will find a way in your heart...
