

# Send Me a Lover

Celine Dion

Wasn't searching  
To end this hurting  
But out of nowhere  
You made me feel  
I cried about it  
I lied about it  
And tried to doubt  
This could be real

You've touched me far too deep for this to be denied  
Only my fear stands in our way  
Oh, oh, oh...

Send me a lover  
Someone to believe in  
Please send me someone I can hold  
Baby now  
Send me a lover  
A new beginning  
Someone to take away the cold  
And give me back  
What I've been missing  
All the love that waits inside your heart

It still astounds me  
The way you found me  
It's almost too good to be true  
From our first meeting  
I had the feeling  
The rest of my life I'd spend with you

I just can't turn my back on what I know is true  
I'm into you in every way  
Oh, oh, oh,

Send me a lover  
Someone to believe in  
Please send me someone I can hold  
Oh, baby now  
Send me a lover  
A new beginning  
Someone to take away the cold  
And give me back  
What I've been missing  
All the love that waits inside your heart

I thought that love was only a word  
That I would never feel  
All the passion that I hold inside  
Was just a dream  
Out of your heart you spoke to me  
All that I'd imagined  
And I've fallen  
So in love with you  
Oh, oh, oh,

Send me a lover

Someone to believe in  
Please send me someone I can hold  
Oh, baby now  
Send me a lover  
A new beginning  
Someone to take away the cold  
And give me back  
What I've been missing All the love that waits inside your heart  
  
All the love that waits inside your heart
