

# Stand by Your Side

Celine Dion

I cry and you comfort me  
I'm lost and you hear my scream  
So its..  
Hard to watch you fallin  
When you run so deep in me  
You live in me

Gonna stand by your side now  
Lemme kiss all your tears away  
You can stay in my arms now  
And I know I can make you believe  
Again

I walk but you can run though fire  
I search for reasons and baby you inspire  
But I I know somebody hurt you  
And I know you really need a friend  
Well you can take my hand

Gonna stand by your side now  
Lemme kiss all your tears away  
You can stay in my arms now  
And I know I can make you believe  
Again

When you feel like you can't go on  
Don't you know you'll never walk alone  
You live in me

Gonna stand by your side now  
Lemme kiss all your tears away  
You can stay in my arms now  
And I know I can make you believe  
Again

I'm gonna stand (oawww)  
Stand by your side (ooooooo)  
Kiss all your tears (I wanna stand)  
Away tonight (I wanna stand by your side)  
I'm gonna stand (gonna look in your eyes)  
stand by your side  
make you believe (see ya smiling)  
again (see ya smiling)  
see ya smiling again
