

# New Elysium

Celldweller

We are the young  
Voices in unison the ending has begun  
A new kingdom come  
Enter into this new elysium

THIS NEW ELYSIUM!  
THIS NEW ELYSIUM!

Born of the earth are we all condemned to hell?  
We've tried so hard but we can't save us from ourselves  
Destined to die from the moment of our birth  
So why have we forgotten everything that we are worth?x2

We are the young  
The chosen ones  
Voices in unison the ending has begun  
A new kingdom come  
A new will be done  
Enter into this new elysium

Looking for hope but its often hard to see  
It's obvious the future isn't what it used to be  
We're born of the dust and to dust we will return  
So why have we forgotten evrything that we have learned?x2

We are the young  
The chosen ones  
Voices in unison the ending has begun  
A new kingdom come  
A new will be done  
Enter into this new elysium

The ending has begun

FOR ME!  
FOR YOU!  
ENTER  
INTO  
THIS NEW ELYSIUM

Sometimes we need reminders of everything that we are worth  
RISE UP FROM THE GROUND  
JOIN OUR VOICES TO THE SOUND  
THE TIME HAS COME  
NEW ELYSIUM TEAR THIS OPPRESSIVE EMPIRE DOWN

No more dreams are lost in time  
No more lives are lost inside  
New kingdom come  
New will be done  
Our voices unified

We are the young  
The chosen ones  
Voices in unison the ending has begun  
A new kingdom come  
A new will be done

Enter into this new elysium
