Dethroned Emperor

Celtic Frost

See the portal, gate to madness Locked forever in a veil of shame

Deny extraction - Thirst for disgrace Watch his break - The emperor's killed Light of the day - Shadows from beyond Scaffold of steel - The throne has gone

Dethroned emperor

The foot of the stairs, dimension in might The king sits, his eyes are glass

Growing of the small - The laughter's fall Can you deny - Remaining cries? Descent of the lords - Into the trap Existence and hate - Unseen gate

Dethroned emperor
