

That's A Woman

Celtic Thunder

Woman

Such a delicate creature
Every feature needs to be loved from the start
Be tender and she'll surrender
Offend her, and she will harden her heart

Delicate creature is something she ain't
Better take it from me that's a woman
That isn't an angel that isn't a saint
Better take it from me that's a woman
She knows how to please and she knows how to play
Take it from me that's a woman
Forget to honor, love and obey
She'll take you and break you and throw you away
That's a woman, that's a woman

She knows every rule and she knows every trick
Take it from me that's a woman
How to kill with a word and cut to the quick
Take it from me that's a woman
How to look through you as if you're not there
Take it from me that's a woman
How to say no with a flick of her hair
She'll turn you and burn you and not even care
That's a woman that's a woman

Faithful and true, that's a woman
Trusting in you, that's a woman
Gentle and constantly caring
Strong as the love she is sharing
When you look in the eyes of a woman

Look in her eyes you'll see nothing but lies, she's a woman

And through the disguise of a woman

Every word is the same, she's just playing a game, she's a woman

You'll see it all there, there's so much in the air

Nothing else can compare, that's a woman

Woman, so soft and beguiling
See her smiling and feel your heart all aglow
Enfold her, lay her head on your shoulder
And hold her till you just can't let her go

Treat her as if you just don't give a damn
That's how to handle a woman
Be more of a stallion, less of a lamb
That's how to handle a woman
Keep her hanging around till she's ready to burst
That's how to handle a woman
Don't try to be bad, be the worst
Do unto others but just do it first
To a woman, to a woman

Be wise, be wary and be on your guard
That's how to handle a woman
If you feel like your falling you'd better be hard
Cause that's how to handle a woman
Don't let her get closer and don't let her in
That's how to handle a woman
Cause if you allow her get under your skin
My friend that's the end cause you ain't gonna win with a woman, with a woman

Look at her body and look at her move, now that's what I call a woman
I'm thinking now I've got something to prove cause that's what I call a woman
All my moves are stolen here, I can't get through to this woman
The pipes the pipes are calling here, I think I could be falling here for this woman
What a woman!!

Faithful and true that's a woman

She couldn't be true, she's just playing with you, what a woman

Trusting in you, that's a woman

Trusting in who, you just haven't a clue, what a woman

Gentle and constantly caring

Just let her be, this one's for me, what a woman

Strong as the love she is sharing

When you look in the eyes of a woman
And through the disguise of a woman
You'll see it all there
There's so much in the air
Nothing else can compare,
That's a woman

Who'd ever thought I'd ever get caught

What a woman!
