Voices are calling  
Voices are calling  
Voices calling  
Voices calling you

There's a voice that is starting to call us  
It's a voice that we just can't ignore  
There's a bell that is ringing to tell us  
We're in a time and a place like never before  
There's a time when we're called to be ready  
It's a time when a sign will appear  
There's a time when we're called to be steady  
This is the moment we know that the moment is here

Why is it we are here?  
Where is it we will go?  
Will we just disappear? Answers we don't know  
Where will the future lead?  
What will the future show?  
How are we to proceed? Answers we don't know

Why is it we are here?

Voices call from the old days  
Voices tell from the past  
Ancient laws and ancient old ways to recast  
Voices call from the future  
How will our future last?  
Voices call from the future  
Is the future past?

Why is it we are here?  
(Why is it we are here?)  
Where is it we will go?  
(Where is it we will go?)  
Will we just disappear?  
(Will we just disappear?)  
Answers we don't know

(Where will the future lead?)  
What will our future show?  
(What will our future show?)  
How are we to proceed?  
Answers we don't know, we don't know, we don't know, we don't know

Is there a better way?  
(Why is it we are here?)  
Do we go with the flow?  
(Where is it we will go?)  
What is the Price to pay?  
(Will we just disappear?)

Answers we don't know

Is this the judgment day?

(Why is it we are here?)

Is this the final show?

(Where is it we will go?)

When will the piper play?
