

# Drowning Out The World

Cemetery

Hey, hey...  
What's your name ?  
Have I seen you before ?  
Little girl come here  
Crawl across the floor  
Let's do it again  
And again and again  
My pounding pressure  
All for your pleasure  
Let me take you far from here  
Let me take you far  
Far from everywhere

...and we'll be drowning out the world
