

# One Burning Night

Cemetary

Some might call me a sinner  
Some might call me a saint  
The beast may hound  
The beast may roam  
Now you know what lurks inside  
When you please me

One burning night  
One death inside  
One dream to live  
One life to give  
In the shodows I hide  
Wanna slip inside  
You know my name  
You will know my name

Some might call me a sinner  
Some might call me a saint  
The beast may hound  
The beast may roam  
Now you know what lurks inside  
When you please me

One burning night  
One death inside  
One dream to live  
One life to give  
In the shodows I hide  
Wanna slip inside  
You know my name  
You will know my name

Gone the wall is black  
Reach the end no turnin back  
Much closer to the truth  
Suspended in the corpse of youth

One burning night  
One death inside  
One dream to live  
One life to give  
In the shodows I hide  
Wanna slip inside  
You know my name  
You will know my name
