

## Rosemary Taste The Sky

Cemetary

Judgement ground  
Overdrive of sympathy  
Withdraw the rats from the beast  
...Onto therapy

Obsession leaves you weak  
Still you're the beauty we all seek  
Rainy days will pass on by  
Rosemary taste the sky  
A widow of belief  
Still your morning sense no grief  
Rainy days will pass on by  
Rosemary taste the sky

Mirror of a twisted fate  
Slide into...  
A whisper from an opium dream  
Just for you
