

## Black Flowers

### Cemetery of Scream

There you lie my sleeping beauty,  
Between Suffocation Street and Infliction Boulevard.  
Loving you is the best game of killing time  
So why are you looking so blue?

I'm dying to kill you a hundred fucking times  
Won't let you out till you're gravely mine

I'll cover your eyes with withered black flowers  
Anything for my ghoulfriend  
I'll cover your eyes with withered black flowers  
Endless velvet future

6 feet under, it's love that's the sweetest bite  
My dear tomb-test-dummy  
Her flesh is such a sight!

I'm dying to kill you a hundred fuckin' times  
Won't let you out till you're gravely mine

I'll cover your eyes with withered black flowers  
Anything for my ghoulfriend  
I'll cover your eyes with withered black flowers  
Endless velvet future

So push the daisies up for me
