

Prince of the City's Lights

Cemetery of Scream

I have been zombified
Ain't got a soul inside
I dance in circles without purpose
And I am death in life
Am I supposed to last forever?
Nothing will break the spell this time
The curse upon me is my blessing
Blood serum should be applied

I am the prince of the city's night
And I keep selling shadows to those
Who claim their thoughts are bright
I am the prince of the city lights
Till the Heralds of Gehenna come

Look at my moon - it shines
Your soul yearns to be mine
I'll let you treasure more dark pleasures
Drops of eternal life
Are we supposed to last forever?
Now that we share the same dead blood
The curse of mine will be your blessing
The serum has been applied

I am the prince of the city's night
And I keep selling shadows to those
Who claim their thoughts are bright
I am the prince of the city lights
Till the Heralds of Gehenna come

The beast in my eyes
I hold it hidden in this ruby dream
Unnatural anaesthetic
The crimson rivers within
The chronicles of Cain's kith and kin
Of Cain's kith and kin

I am the prince of the city's night
And I keep selling shadows to those
Who claim their thoughts are bright
I am the prince of the city lights
Till the Heralds of Gehenna come
