

## Seeds Of Evil

Centinex

Lead: Wiklund  
Lead: Kjellgren

On my way through the past  
With guidance of the dead  
Abandoned to the dark  
With my demons of lust

I am the son of evil, born of hate and greed

I am the master starving for your blood  
I am the chaosbreeder in my seeds of evil

I live forever in the dark  
With whores by my side  
Surrounded by demons  
In my hellish domain

I am the son of darkness, born of hate and greed

I am the master starving for your blood  
I am the chaosbreeder in my seeds of evil

Seeds of evil breeding your sins
