

# The Dimension Beyond

Centinex

Riding through storms  
And blowing winds  
The winter night  
Like a Northern breeze

Onward to the grace  
Burn me in the dimension  
beyond

The sun turns to black  
And moonshine prevails  
The power of shadows  
In grief and in pain

Forever the serpent sign shall rise  
Eternal is the hate  
of the pagan call  
And bleed for me, seal my fate  
among the cries  
A dimension beyond  
the blackest times

Follow the past  
And the arctic star  
It leads you to  
Chaos and lust

Forever - The serpent sign  
Eternal - Is the hate  
And bleed for me - Seal my fate  
The dimension beyond  
the blackest times
