Cephalic Carnage

American zero tolerance is a way to hold us down,
Make us pay fines or incarcerating us for possessing seeds or p
eriphineilia with resin.
In Vegas or Tennessee, people being arrested for having seeds i
n the carpet of their vehicle.
This is not right; weed was here before us, my detemperment, fo
r arthritis use,
For a chemo patient who can't eat, stimulate the appetite, drug
laws must be changed.
Prohibition must be stopped, revolution will kill some cops.
Overthrow the system make them bleed we don't tolerate your nas
ty greed!
