

## Exhumed Remains

## Cephalic Carnage

Fell in love with a girl at the coffee shop  
Rachel was so beautiful  
"...now she's dead" The paper read  
Severed flesh, laceration, degradation  
Pleading for me to let her go  
She told me no  
Can't handle rejection  
All my crimes are perfection  
Charmed your pants off  
Now you're horrified from my many personalities  
This one, a sadistic rapist  
The one before, college student nerd, ridden with acne  
Pretending to be your tutor, necrosadonometry  
I taught you how to die  
Penetrated, before and after death  
I still jack off on the maggots of your exhumed remains,  
The alarm goes off  
I awake  
From a beautiful dream  
The exhumed remains  
Of that weed  
I excavated  
Got me baked  
I must've passed out  
Rachel is pissed  
I had to give her a lesson last night  
Instead got higher than light  
My shorts are stuck to my dick
