

You raise  
Like a bird  
Above the clouds  
Above the fear

Above the world  
Of "wild dogs"  
To escape  
Like a wolf

Dense fogs  
Of humans' lie  
Your faith  
Is your treasure

Can't find yourself  
Looking for a day  
Fighting  
You can pay

You're finding own way  
You're dreaming about the end

You're finding own way  
You're dreaming about the end

Day's bright  
Golden glare  
Our fate  
Not too late

Raising  
Like a bird  
Fighting  
You can fall!

You're finding own way  
You're dreaming about the end

You're finding own way  
You're dreaming about the end

Alone - taking your prize  
Alone - when the end will come

Day's bright  
Golden glare  
Our fate  
Is living in us

Raising  
Like a bird  
Fighting  
You can fall!
