

## Do Not Fear

Chad VanGalen

Where will she go  
Does she really know  
Where will she go  
Does she really know

Don't waste my time she said  
And do not fear

No...  
No...  
Oh...

What does she know  
Does she really know  
What does she know  
Does she really know

Don't waste my time she said  
And do not fear

No...  
No...  
Oh...  
Oh...
