

# Obsession

Chainsaw

Wild obsession  
Comes back persistently  
Intrusive illusion  
Like a snake slithering  
I know it can't be true  
So I scream: Fuck it all!  
But in my helpless brain  
The seed of evil is sown

I'm somewhere on the side  
She is there with him  
He looks at her with passion  
What a son of a bitch!  
And I think: Oh no!  
Then I'm falling down  
To reach rock-bottom  
Still feeling mad inside  
Am I insane?  
I'm creating fuckin' treason  
Only in my head  
Damn it! Bloody hell!  
Still the same peace  
The same infirmity  
There they are together  
I wish I could stop thinking

I'm somewhere...
