

It's My Party

Chaka Khan

Everybody's having a real good time

The man you're talking to is not yours
he's mine.

Better chill out
hear what I'm saying

Before I stop the music playin'.

It's my party
I start it
I'll end it

Baby
it's my party
I'm upset and offended.

While I'm all alone
and the party's goin' strong

It's a celebration
to better our relation.
A sudden flash in my vision

Rendezvousin' in the kitchen

Kit got lost and I found him all involved

He was wearing a guilty face

He had his arms around her waist

And lipstick on his cheek.

It's my party
I start it
I'll end it

Baby
it's my party
I'm upset and offended.

Everybody's having a real good time

The man you're talking to is not yours
he's mine.

Better chill out
hear what I'm saying

Before I stop the music playin'.

It's my party
I start it
I'll end it

Baby
it's my party

I'm upset and offended.

Say you had too much to drink
baby no

Lost your head and couldn't think.
A sudden flash in my vision
rendezvousin' in the kitchen

Then you got lost and I found you all involved

You were wearing a guilty face
you had your arms around her waist

And lipstick on your face.

It's my party
I start it
I'll end it

Baby
it's my party
I'm upset and offended.

Oh
tell me what it is.-Ooh
you had lipstick on your face.
Oh
tell me what'd you see.-Rendezvousin' in the kitchen.
Oh baby
what it's gonna be ?-Gonna stop this music playing.
Oh
do you trust in me ?-It's very plain to see.

It's my party
I start it
I'll end it

Baby
it's my party
I'm upset and offended.
It's my party
I start it
I'll end it

Baby
it's my party
I'm upset and offended.
