Some love You know it brings me down down down Some love You know it brings me down down down

They say that love is heaven sent Well I guess they told another lie How can it be a part of me You can't even look me in my eye

Some love You know it brings me down down down Some love You know it brings me down down down

All this time you made a fool of me You told honey sweet lies I'm fed up with your alibis I was blind, now I see, yeah

Some love You know it brings me down down down Some love You know it brings me down down down

Let's end this game, let's stop this farce 'Cause I don't wanna live a lie
Life's so short, and love's so sparse
I guess I'll have to say goodbye
It brings me down down, yeah
Some love, it brings me down down down

All this time you made a fool of me You told honey sweet lies I'm fed up with your alibis I was blind, now I see, yeah

If this is love, I want no part of it They call this love Now I've got to quit you, baby If this is love, I want no part of it They call this love, dirty dirty love Some love

If this is love don't break my heart If this is love don't want no part If this is love don't break my heart If this is love don't want no part If this is love don't break my heart If this is love don't want no part If this is love don't break my heart If this is love don't break my heart

Some love Oh first you burn me with desire Then you go and douse the fire
