

# Super Life

Chaka Khan

A mama's cryin'  
'Cause another young man has gone and died  
He's not some statistic  
He's another awesome destiny denied

So I've got to stand tall  
I'm gonna live a super life  
For the rest of my life  
I'm gonna live a super life  
Super life, super life, yeah

We take it all so lightly  
How did we get so 'climatized  
On the 9 o'clock news nightly  
Genocide of babies  
I can't believe my eyes

Right or wrong  
I'm gonna live a super life  
For the rest of my life  
I'm gonna live a super life  
Super life, super life, yeah

You know the wrath of a woman  
Is gonna bring about hell to pay  
Everyone together come on get with me  
Or get on out my way

I'm gonna live a super life  
I'm gonna live a super life  
(For the babies)

I'm gonna live a super life  
I'm gonna live a super life  
(For the babies)
