

Where Are You Tonite

Chaka Khan

Got my love
Got my love lemme give it to ya
Got my love
Got my love lemme give it to ya
Got my love, got my love

Walkin' home, your kisses on my mind
Feelin' like nothin' can harm me now

Where are you tonite
Where are you tonite, Baby
Where are you tonite, (oh) won't you tell me baby
Where are you tonite

(Ooh where are you)

Minutes move, oh, so slowly now

And I can't groove, unless your answer's loud

Where are you tonite
Where are you tonite, Baby
Where are you tonite, (oh) won't you tell me baby
Where are you tonite

Love is true, love is real
Loving you is how I feel [repeat 4 times]

Where are you tonite
Where are you tonite, Baby
Where are you tonite, (oh) won't you tell me baby
Where are you tonite

(Ooh where are you)

(Ooh where are you)

Our love is such a special thing
It's what I feel inside
And my reason for existing
Is to keep you by my side
Keep you by my side
