Got my love
Got my love lemme give it to ya
Got my love
Got my love lemme give it to ya
Got my love, got my love
Walkin' home, your kisses on my mind
Feelin' like nothin' can harm me now
Where are you tonite
Where are you tonite, Baby
Where are you tonite, (oh) won't you tell me baby
Where are you tonite
(Ooh where are you)
Minutes move, oh, so slowly now
And I can't groove, unless your answer's loud
Where are you tonite
Where are you tonite, Baby
Where are you tonite, (oh) won't you tell me baby
Where are you tonite
Love is true, love is real
Loving you is how I feel [repeat 4 times]
Where are you tonite
Where are you tonite, Baby
Where are you tonite, (oh) won't you tell me baby
Where are you tonite
(Ooh where are you)
(Ooh where are you)
Our love is such a special thing
It's what I feel inside
And my reason for existing
Is to keep you by my side
Keep you by my side
