

# Somebody Save Me

Chalee Tennison

I've been a rock, been a shoulder  
Helped hurting hearts get over  
A good love that's gone wrong  
Yeah, I'm the one who said "be strong"  
I've been the friend you can count on  
Stayed up late, listened all night long  
But for just once in my life  
I need to be the one who cries  
Somebody save me  
Somebody take my hand and  
Lead me where there's  
No tears, no pain  
One time for a change  
Somebody hold me  
Tell me everything's gonna be okay  
I'm asking, begging please  
Somebody save me  
I'm feeling lost, need to be found  
I can feel my soul, it's reaching out  
Lord, I could use a little help  
No, I can't do this by myself  
Somebody save me  
Somebody take my hand and  
Lead me where there's  
No tears, no pain  
One time for a change  
Somebody hold me  
Tell me everything's gonna be okay  
I'm asking, begging please  
Somebody save me
