

This Woman's Heart

Chalee Tennison

I know you know, It's no secret the way I feel,
I won't let go, There's something in your touch,
I thought I'd never find, Something in your kiss,
Brought me back to life,

This woman's Heart, Beats steady and strong,
And keeps holding on, I'll give my all, To stand by your side,
For the rest of my life, It's true, Only for you,
From this moment on, I give you this woman's heart.

Don't be afraid, You can count on a love that's real,
Each step we take, I'll be by your side,
And we'll build our world together, Put your faith in me,
I promise that forever,

This woman's heart, beats steady and strong,
And keeps holding on, I'll give my all, to stand by your side,
For the rest of my life, it's true, only for you,
From this moment on , I give to you this woman's heart.

This Woman's Heart, beats steady and strong, and keeps holding
on,
I'll give my all, to stand by your side, for the rest of my life
,
It's true, Only for you,
From this moment on, I give you this Woman's Heart.
