

## Yes I Was

Chalee Tennison

Did I marry way too young  
Did I think he was the one  
Did I find out I was wrong  
Yes I did  
Have I watched my babies grow  
Have I taught them all I know  
Have I raised them all alone  
Yes I have

All that I know is these are the places that I've been  
Every mistake I made is a part of who I am  
Was I a fool to always trust so much in love  
Was I wrong, was I right  
Yes I was

Did I wait tables all night long  
Work my fingers to the bone  
Did I struggle to be strong  
Yes I did  
Have I grown up way too fast  
Have I learned from all my past  
Have I found some peace at last  
Yes I have

All that I know is these are the places that I've been  
Every mistake I made is a part of who I am  
Was I a fool to always trust so much in love  
Was I wrong, was I right  
Yes I was
