Baby, I thought that you were in love with me

But obviously, your just a groupie (Groupie Love)

See, I got a clue when Young Dro said his girlfriend got a girlfriend
That girlfriend of his girlfriend's had Chamillionaire as her man
Then T-Pain said he was sprung, said he had fell in love with a stripper
I shoullda known that you was the stripper that was on the pole tuggin on his zipper

Kanye said that you was a gold digger, You always wanted to be major paid

I turned on my TV and then I seen you kissin on Flava Flav

We was both fans of UGK, we was both dreaming bout ridin blades

While I was dreaming, you was gettin laid on everybodys bed and I was gettin g played

Yung Joc knew that we was cool, said he knew he didn't stand a chance

You stood still while my song played and his came on and you did his dance

You kept begging me for romance, I kept telling you that's enough

You turned on my boy Juvenile and then proceeded to back that up

Pitbull said Culo and I ain't even that good at spanish

But I knew he was talking to you, I was down with you so I couldn't stand it

Don't try to lie, Don't try to cry, Ain't nothing more for us to talk about

Like Unk said take 2-Steps towards the door and just walk it out

Gave Bun B a little groupie love, you gave Pimp C a little groupie love
And then you bumped into the whole Screwed Up Click and gave every member in the group a hug

Even messed with my boy Slim Thug, he pulled up, you had a heart attack

You tried to mess with Game and 50 but neither one of them called you back

Ask J.R., my car was pushed to the limit on Cool & Dre

Plus Rick Ross was Hustlin' that money outcha like everyday

You knew that I loved you was those three words that I'd never say

Now your business all over the radio and its the penalty that you have to pay

You made the choice to go and be a freak, even Akon been smacking that

Her plan was to get ran through by a linebacker or a quarterback

R Kelly didn't have to tell me about your bump-n-grind and your foreplay
I found out and I asked you if this was true, you said no way
Birdman said Believe Dat, T.I.P. was like Shawty
Then Young Jeezy said That's Right and Lil' Jon said Okay
Heard you was messin with Ray J, you did a flick is what they say
I ain't even wanna look at the tape until P.Diddy said Press Play
