Yeah, on the path to find out whose true  
the only person you can really trust is you  
And if you, feel like you can't even trust you  
You can always trust you know who  
And if you don't know who you know who is  
Then I feel so sorry for you  
Cause that's really the only person that can judge  
and critics people that wanna see you fail  
and tell you what you can do, shouldn't do, must do  
And when you got that glow  
Nobody's else words can really bugs you  
Haha  
Revenge has always been looked upon as a sin  
and sometimes you just feel like you have to sin to win  
Sometimes it sound like (gun shot), It's what it coulda been  
And when you get to the gates of heaven they probably wouldn't let you in  
Haha  
But to change that meaning of it success is what it is in the end  
and instead of worrying about what it should of, could of, or would it been  
You turn you head towards the future and keep it moviinn, knowwhatI'm sayin?  
(Well say it again)  
Keep it moviinn, knowwhatI'm sayin?  
Screw it then  
KnooooowwhatI'm sayiinn?

If you waitiiiiin for me to faiiiil  
Your time is running out on the clock (on the gloooooock)  
I'm runnnnnnnnn to the finish yeeeeeeaaahh  
when I get there I ain't gonna stooooooooop (gonna stooooop)  
Success iiiiiiiisssss what I couldn't haaaavve
