Change

Give me back all my love  
I've had a chance of heart  
Give me back all my love  
I've had a chance of heart

I have opened up my eyes  
Now I can see clearly  
You told there's no other guy  
Who would be as good to me

I fell in love  
And didn't start to think what you were doing  
But now I know  
I don't need you at all, you're no good for me

I've changed my mind  
I'm takin' back my love

Give me back all my love  
I've had a chance of heart  
Give me back all my love  
I've had a chance of heart

Give me back all my love  
I've had a chance of heart  
Give me back all my love  
I've had a chance of heart

I would never let you down  
So you began to use me  
You were always afraid of my  
Female sensitivity (And you knew that)

I do my best to give you what you want  
And you abused me  
It's time you go  
I'd rather be alone without the heartache

I've changed my mind  
I'm takin' back my love

Give me back all my love  
I've had a chance of heart  
Give me back all my love  
I've had a chance of heart

Give me back all my love  
I've had a chance of heart  
Give me back all my love  
I've had a chance of heart

Ohohoho  
Change of heart  
You made me change my mind, yeah, yeah  
I'm takin' back all the love I gave to you, baby

Ohohoho

Yeah, you, yeah, you  
Yeah, you!

Ohohoho  
You, give it back to me  
I'm takin' back my love

Give me back all my love (My love, my love)  
I've had a chance of heart  
Give me back all my love (My love)  
I've had a chance of heart

Give me back all my love  
I've had a chance of heart (Oh, oh, oh, my love)  
Give me back all my love (My love)  
I've had a chance of heart

Give me back all my love (My love, my love)  
I've had a chance of heart  
Give me back me, give me back me....

Change of heart  
Change of heart

Change of heart  
Change of heart

I'm takin' back my love  
Give me back

Give me back all my love  
I've had a chance of heart  
Give me back all my love  
I've had a chance of heart

Give me back all my love (My love, my love)  
I've had a chance of heart  
Give me back all my love (My love)  
I've had a chance of heart

Give me back all my love  
I've had a chance of heart (Oh, oh, oh, my love)  
Give me back all my love (My love)  
I've had a chance of heart
